

Let's Learn to Sew

BEGINNING SEWING CLASS

In this class you will learn how to use your sewing machine, how to cut out a project using a pattern, and how to construct it on your sewing machine.

We will meet every Thursday for 4 weeks. Cost of class includes all 4 Thursdays.

If you don't own a sewing machine, you can rent a store machine for \$10 to use in class.

At the first class I will show you the pattern we will be using and give you the list of supplies you will need to make your project. We will be making a pair of elastic waist pants (PJs)

DATE: May 10, 2018

TIME: 6 pm to 8 pm

PLACE: SCI, 1740 Watson Blvd, Warner Robins, GA

Basic Supplies you will need to bring:

Sewing machine in good working order (or arrange to rent one from SCI) – Machine power cord – machine power foot control (we also call this the “gas pedal”) – bobbins – presser foot

Basic sewing tools – seam ripper - seam gauge - tape measure - fabric cutting scissors - straight pins (please do not get the tiny pins with metal heads) - wash-a-way marking pen - extra needles for your sewing machine

YOU MUST REGISTER IN ADVANCE

**TO REGISTER FOR THIS CLASS CALL 478-929-8088 OR VISIT US AT SEWING CREATIONS, INC.
