

Quilting a Fall Wall Hanging/Quilt with Edge to Edge Quilting by Amelie Scott

When: Friday, October 23

Time: 10:00 – 4:00 (bring lunch)

Cost: \$59 includes panel, batting, backing, binding for one quilt

Learn to process of edge to edge quilting using your embroidery machine. Using a printed panel, you can easily make this wall hanging/quilt. Also, you will learn to bind to the quilt.

What to Bring:

- Embroidery Machine and E-Unit in good working order. Sewing Machine to attach the binding.
- At least a 6 x 10 embroidery hoop, other hoops that may be used are the 8x12 or 9x14; magnetic hoops are great to use! (We have them here at SCI)
- Book: "Edge to Edge Quilting on Your Embroidery Machine" by Amelie Scott (available at SCI) 10% discount with paid registration.
- Tear a Way Stabilizer to make 2 templates
- White thread, 4 bobbins to fill with thread
- Fabric Marking pen, small scissors, sewing needle, safety pins for quilting, double sided tape such as Res Q tape (available at SCI). Res Q tape not necessary if you are using a magnetic hoop
- Feet used to attach binding: Walking foot with edge joining foot (opt), bi level foot (opt) These feet are helpful but not necessary.
